REFERENCE(S)			
<p>It should be drawn to the attention of the SWPE that this station is in the process of further sharpening its efforts to fulfill the obligations laid on it by the KUBARK war planner. To this end, we have recently grouped three officers in the Salzburg/Berchtesgaden area. By mid-December 1958, this group will have accomplished a full review of the GCHROD project, under which all of our war plan projects are gathered, and it is at this time that I would appreciate receiving some specific assistance from you. I think that if you could arrange to have a member of your staff fully familiarize himself with the Austrian aspects of your overall war plan, and then have this officer visit Vienna for a stay of several days, this station would wind up in a much better position to carry out our obligations in fulfilling our portion of the KUBARK war plan preparations. If you agree, will you please advise me of the name of the officer(s) who would visit us and the days when this would be convenient for you.</p>
